

Basic Game Design Feedback

Improve upon elements from Learning Content 5/5
Good job expanding the learning trajectory.

Summarize the game type 5/5

Game description 10/10
Very well done. You have thought about not only basic elements, but you've added a lot of extra elements to the game, allowing the character to interact with the NPC.

Justification of element choices 9/10
Good job adding elements to appeal to lots of player types. You also need to talk about the user you're designing for and how you designed elements for that user.
