Learning Content Feedback

Summaries content area in 1-2 paragraphs   5/5
You summarized not only content area, but the game. It gave a really good idea of what the game will be like.

Age and prior skills of user   4/5
Are there any math skills you need to assume for your game? It seems like you should think about that.

Skills you want to teach your user   5/5

You've done a great job of listing out different things you will teach and in what order. However, the LT should be about possible orderings, not only your particular ordering. So each of the a), b), c), etc., should be their own block. And instead of just "managing debt", it should say what skill or piece of knowledge they need to know in order to successfully manage debt.
